FAMILY
WINEMAKERS
of CALIFORNIA®

March 17 🍀 2019

Welcome to the Family Winemakers of California's Tasting in Del Mar!

This tasting marks the return of Family Winemakers to the Del Mar Fairgrounds and we're pleased to be back enjoying this spectacular setting in San Diego, we've missed being here. Our signature trade and consumer tasting has been held for 29 years, including numerous times in Del Mar, and it's a "family tradition." We believe that no matter how wines are marketed, the simple fact is that people have to taste the wine to appreciate it and then buy it. This tasting is a unique chance to discover wines from a diverse group of about 70 California wineries that are really focused on the California market and the wine lovers. Six wineries will be pouring for the first time at our event.

FWC is the political and policy voice for small family-owned wineries. We lobbied drink taxes, water issues, fees, warning labels, social media, labor issues and farming regulations recently at the State Capitol and regulatory agencies. Continuing Pierce's Disease and Red Blotch research remain a top of our members. We also have spent time boosting wine education and sales in China through a grant program. Consumers enjoy greater choice in California wines across the U.S. because of our advocacy; just ask consumers in South Dakota, one of the newest open states. Artistry and passion are the hallmark of FWC wineries at these events and I'm sure you'll taste it in your glass.

Wonderful sponsors and vendors make this event a reality with their financial support and participation. We appreciate and thank them!

Our heartiest thanks are to you, our customers.

Cheers, and enjoy the wines!

Family Winemakers Mission

Our association advocates the rights and interests of its members to freely produce, market, and sell their products and is dedicated to preserving the broad diversity of California wine.

Inside the Program

The program is designed to help you navigate and enjoy a large tasting. We've put the Varietal Map upfront listing all the varieties by winery so it's handy. Each winery entry has all the information you'll need to contact them to order wine or find out more about the wines you taste.

Take advantage of this tasting to order wines you discover. Wineries will take an order to be filled by the winery after the tasting.

Program Key

New identifies wineries that are pouring for the first time at an FWC Tasting.

Range is the retail pricing per bottle of the wines being poured at the tasting.

The program was printed several weeks before the tasting and does not include any late cancellations or additions. We hope any inconsistencies between the wineries listed in the program and those at the tasting do not provide an inconvenience.

Inside the Activity Center

Where to begin? Because the wineries at this tasting come from many different winegrowing areas in California, and pour multiple varietals, we've chosen to organize them alphabetically starting with the letter A.

**Family Winemakers of
California
extends its thanks to our
sponsors for their
support. We encourage
you to support them with
your business.**

Notes

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. On the left side, there are faint, dark marks that appear to be from a spiral binding or punch holes. The paper is otherwise blank, with no text or other markings.

Family Winemakers

...fighting for small, family-owned wineries

Small, family-owned wine producers across the state are the foundation of Family Winemakers of California. Formed in 1990 to lobby for the rights of its members to freely produce, market and sell their products, we currently represent over 350 producers.

Direct-to-consumer sales blossomed after the U.S. Supreme Court issued its ruling in *Granholm v. Heald*. Now consumers in 46 states have a broader choice in wine...and it's because FWC provided key funding and steered the litigation battle.

FWC has worked to keep taxes and fees on wine from rising, created new wine sales opportunities like farmers markets and event permits, stopped vine-killing pests, pushed for smart water rules, fought misguided labeling, and lobbied to keep state alcohol law up-to-date on the use of technology.

Our legislative and regulatory work is augmented by the tastings we organize for our members to help them succeed in a highly competitive marketplace. This is our 29th year hosting events in the state.

FWC's first tasting was held in 1991 in San Francisco and any of our members pour at our Bay Area tasting, as well as in Southern California. The wineries at these tastings are dedicated to producing the finest wines they can. You'll taste their passion captured in each bottle.

Family Winemakers ...Taste California!
